Communication skills

Skills and Activities:

Member of some charity organizations and taking part in professional and community seminars.
Attended and visited many international medical affairs such as Dusseldorf, Hannover, Berlin, and Gottingen, Germany.
Owning an ECDL certificate.
Practicing intellectual activities such as reading. And sports such as swimming and fishing.

Organisational / managerial skills

Resident doctor at the department of general surgery at the Al Jalaa hospital Benghazi starting from 1993 until 1997, where I became as a registrar at the neurosurgery department. As well as a teaching assistant at the department of the neurosurgery at Al Arab medical university until 2002, where I was traveling abroad to Germany to continue my post graduate studies.

After returning back from Germany in 2009, I was assigned as head of neurosurgery department at Benghazi medical center until 2014, moreover I was assigned as a member of the teaching staff at Al Arab medical university as well as LIMU.

I was assigned to be the head of the central committee of treatment abroad and development for Benghazi, 2013.

Middle of 2014 and due to the war crisis at my city Benghazi, I travelled to the state of Malta , where I worked as a part time consultant for neurosurgery at Saint James hospital.
